[Opportunistic level](#)

Please provide any additional information you deem useful:

6.

Time Allocation

Fill in if applicable. For more information about the Time Allocation service level see:

[Time allocation](#)

Overall time offered in the pool (wall clock time HEP-SPEC06*hours):

Maximum time allocated per job(wall clock time HEP-SPEC06*hours)
if applicable:

Other information:

7.

Reserved Allocation

Fill in if applicable. For more information about the reserved allocation service level see:

[Reserved allocation](#)

Overall capacity offered in the pool (job slots):

Maximum capacity per approved request/VO(job slots):

Other information:

Resource Providers pool offer

8.

Resource specification

Please provide additional information about the resources offered

Host architecture platform(e.g.x86_64):

Host architecture SMP Size:

Individual Host Benchmarks (HEP-SPEC 06) – please list them:

Average Host Benchmark (HEP-SPEC 06):

Host main memory RAM size (MB):

Host main memory virtual size (RAM+SWAP MB):

Max used non-swap i386 memory size (MB)

Max used non-swap x86_64 memory size (MB)

Operating System Name:

Host processor Model/s:

Max size of scratch space usable by jobs (MB):

Max CPU time per job (normalized CPU time HEP-SPEC06*minutes)

Max wall time per job (normalized wall time HEP-SPEC06*minutes)

Other:

Storage Capacity

Please define the amount of storage resources offered. One or more service levels can be offered at a time. A resource provider can choose to offer storage capacity, compute capacity or both. Please complete the sections below as applicable.

9.

Opportunistic

Fill in if applicable. For more information about the opportunistic service level see:

[Opportunistic](#)

Maximum capacity available in the pool (GB):

Maximum capacity per individual approved request/VO(GB):

Other information:

10.

Guaranteed

Fill in if applicable. For more information about the guaranteed service level see:

[Guaranteed storage](#)

Maximum capacity available in the pool (GB):

Maximum capacity per individual approved request/VO (GB):

Other information:
