The present Operation Level Agreement (“the Agreement”) is made between **EGI.eu (the Service Provider)** and **IN2P3-IRES (the Component Provider)** to define the provision and support of the provided services as described hereafter. Representatives and contact information are defined in Section 6.

The National Bioinformatics Infrastructure Sweden (NBIS¹) is a distributed national research infrastructure supported by the Swedish Research Council (Vetenskapsrådet) providing bioinformatics support to life science researchers.

The User is a consortium represented by the **Uppsala University, Sweden²**.

This Agreement is valid from **01/12/2015** to **01/12/2022**.

Once approved, **this Agreement is automatically renewed**, as long as the Component Provider does not express a decision to terminate the Agreement at least a month before the end date of the Agreement.

The Agreement was discussed and approved by the Customer and the Provider on **30/11/2015**.

The Agreement extends the Resource Center OLA³ with the following information:

1 The Services

Possible allocation types:

- **Pledged** - Resources are exclusively reserved to the Community and the job will be executed immediately after submission.
- **Opportunistic** - Resources are not exclusively allocated, but subject to local availability.
- **Time allocation** - Resources are available in fair share-like mode for a fixed time period.

Possible payment mode offer:

- **Sponsored** - Model where the customer uses services that are funded, or co-funded by the European Commission or government grants.
- **Pay-per-use** - Model where the customer directly pays for the service used.
