The present Operational Level Agreement (“the Agreement”) is made between **EGI Foundation (the Service Provider)** and **SARA-MATRIX (the Component Provider)** to define the provision and support of the provided services as described hereafter. Representatives and contact information are defined in Section 6.

The main objective of WeNMR is to lower barriers for scientists to access modern e-Science solutions from micro to macro scales. By building on grid- and cloud-based infrastructures and on the existing expertise available within WeNMR¹ and N4U² and by integrating molecular structural biology and medical imaging services and data.

The Customer is a consortium represented by the **Faculty of Science – Chemistry, Utrecht University**.

This Agreement is valid from **01/01/2016** to **30/06/2023**.

Once approved, **this Agreement is automatically renewed**, as long as the Component Provider does not express a decision to terminate the Agreement at least a month before the end date of the Agreement.

The Agreement was discussed and approved by the EGI Foundation and the Component Provider **01/03/2020**.

The Agreement extends the Resource Center OLA³ with the following information:

1 The Services
