The present Operational Level Agreement (“the Agreement”) is made between **EGI Foundation (the Service Provider)** and **CESNET-MCC (the Component Provider)** to define the provision and support of the provided services as described hereafter. Representatives and contact information are defined in Section 6.

Peachnote is a music score search engine and analysis platform. The system is the first of its kind 1 and can be thought as an analog of Google Books Ngram Viewer and Google Books search for music scores. Peachnote is visited by tens of thousands of users every day from all over the world.

The Customer is a consortium represented by the **Peachnote.com**.

This Agreement is valid from **01/04/2016** to **01/09/2020**.

Once approved, **this Agreement is automatically renewed**, as long as the Component Provider does not express a decision to terminate the Agreement at least a month before the end date of the Agreement.

The Agreement was discussed and approved by the EGI Foundation and the Component Provider **14/10/2016**

The Agreement extends the Resource Center OLA¹ with the following information:

1 The Services

Possible allocation types:

- Pledged - Resources are exclusively reserved to the Community and the job will be executed immediately after submission.
- Opportunistic - Resources are not exclusively allocated, but subject to local availability.
