ACCEPTABLE USE POLICY

To use 100 Percent IT products and Services, you must comply with our Acceptable Use Policy (AUP) at all times. The AUP applies to all 100 Percent IT products and Services. We reserve the right to change the AUP at any time and will always publish the latest version of the AUP on our website. You should check the AUP regularly as we may change it to take on board new issues that may arise. The most up-to-date version of the AUP will apply to your use of our Services, even if you have not read the updated version. It is your responsibility to ensure your compliance with the AUP. Please feel free to email any enquiry to us at abuse@100percentit.com.

Any breaches of this policy should be reported to abuse@100percentit.com. If you are reporting email or Usenet abuse then the entire posting, together with the full headers, should be included.

Please note that in the AUP, "we"/"us"/"our" denotes 100 Percent IT Ltd, registered office Wessex House, Oxford Road, Newbury, RG14 1PA, and "you"/"your" denotes you the Customer.

The AUP is intended to be a guide to 100 Percent IT's view of what constitutes "abuse" of the Internet and is not intended to be exhaustive. We therefore reserve the right to take any action, at our sole discretion, necessary to protect our reputation and goodwill.

All Services

As a general principle, you must not use our Services in any way that is unlawful or illegal or in any way that affects the enjoyment of other users of our Services.

- You must not use our Services :
- To transmit, publish, link to, make available or receive any material which is defamatory,
- offensive, abusive, obscene, racist, harmful, threatening or menacing.
- In a way that will be a breach of any person's rights, including a breach of confidence, copyright, privacy or any other rights.
- To post material that imposes liability on us for hosting that material.
- To knowingly or unknowingly cause to be transmitted Worms, Trojans or Viruses.

You must abide by the terms and conditions imposed by the operators of any networks that your traffic crosses over or Services that you use through our network.

We may, at our discretion, run manual or automatic systems to determine your compliance with the AUP (e.g. scanning for "open mail relays"). By accessing the Internet via 100 Percent IT's Services you are deemed to have granted permission for this limited intrusion into your network or machines.

You must not disclose your password to any of 100 Percent IT's systems or Services to any third party.

We reserve the right to take whatever measures we deem appropriate and proportionate to a breach of the AUP, up to and including suspending or terminating one or more of your 100 Percent IT accounts. All cases are considered on an individual basis. Following suspension of your account, you must send a formal letter to 100 Percent IT undertaking not to commit any future "abuse" before we consider reinstating the account.

100 Percent IT does not allow credits or refunds for any outages resulting from a suspension or deletion of an account under this Policy. You are still required to meet the terms laid out in your contract, including any minimum contract period.

Internet Access

While connected to the Internet your system must meet applicable Internet Engineering Task Force standards. These can be found at <ftp://ftp.ripe.net/mirrors/rfc/std/>

You must not use your account to obtain unauthorised access to any computer or Service. You are responsible at all times for the use of your account – whether by you or by a third party. You must not send email or any other type of electronic message that has a forged address or which affects the performance or functionality of remote machines.

You may not use our Services to perform port scanning or probing, except with the explicit permission of the operators of the remote machines or networks targeted.

Your machine or network must not be configured in such a way that others can exploit it to disrupt the Internet. This includes, but is not limited to, ensuring that your network cannot be exploited as an Open Mail Relay, an Open Proxy Server or a Smurf Amplifier.

You must ensure that your system is not used for the sending of unsolicited bulk email or any other form of "abuse" whether it originates on your system or is from a third party. If you are running a web server on your own system you are solely responsible for the security and setup of that server. You are also responsible for all traffic that passes through your server.

Usenet / Mailing Lists / Email

Unsolicited Commercial Email (UCE) is advertising material sent and received by email without the recipient either requesting such information or otherwise explicitly expressing an interest in the material advertised. 100 Percent IT considers the sending of both commercial and non-commercial unsolicited bulk email to be unacceptable behaviour.

Any mailing lists run through 100 Percent IT's network must adhere to the "confirmed opt-in" principle. To make it simple to join lists it is common to offer an option to join by means of a checkbox on the same web page that collected an email address for another purpose. This checkbox should require an explicit action to add the address to the mailing list rather than having joining as the default setting. To prevent forged subscriptions, a confirmation of any request is required before adding the new email address. This is most easily achieved by sending an email to the requesting address and then making it a joining requirement that this special email is responded to. Further details on this can be found in the Best Current Practice document, available at: https://www.linx.net/good/bcp/maillinglist-bcp-v1_o.html

You must not use 100 Percent IT's Service for any of the following purposes:

- Initiating or propagating 'chain' or pyramid emails.
- Sending bulk or unsolicited emails.
- Using your 100 Percent IT account to receive responses from "abusive" mailing.
- To email a person after they have specifically asked you not to mail them.
- To subscribe a third party to a mailing list without their permission

You must not send email or post articles with headers modified to disguise their true source. It is your responsibility to ensure that a real email address is present and obvious to a human. It is unacceptable to arrange for replies to the email to be sent to another user or machine unless their explicit permission has been granted.

You must not attempt Denial of Service attacks or mail bombing. This includes, but is not limited to, sending an excessive number of emails to the same host and sending viruses attached to an email.

You must not post articles which contravene the charter of the newsgroup to which the posts are made. This includes posting binary attachments to "non-binary" newsgroups and sending unsolicited posts of a commercial nature to any group. The only exception to the binary rule is to always allow the use of cryptographic signatures, such as PGP.

VIRTUAL SERVER CANCELLATION POLICY

Virtual/hosted servers can be cancelled or downgraded after the expiry of any agreed minimum period. A minimum of 30 days' notice unless a different notice period is defined in the order form, cancellation is required in writing and to be sent to cancellations@100percentit.com. In the event that a Customer cancels or downgrades their Services mid-way through the minimum contract period, they will not be entitled to any refund for any remaining amounts and remain liable for any invoices yet to be generated that cover the remainder of the minimum contract period. For the avoidance of doubt, contracts move to a rolling monthly contract or as defined in each order form at the end of the minimum contract period unless cancelled by you.

Servers are automatically switched off at the end of a contract. Customers acknowledge that it is their responsibility to ensure that all data is removed from the server prior to the end of the contract. Servers that have been switched off will be permanently deleted 14 days after the end of the contract and all data stored on the systems will be lost. 100 Percent IT is not responsible for any data which remains on our systems after the expiry of a contract.

Any software that is used for any period, howsoever short during a calendar month will be billed for the entire month. No refunds will be given for any part month of software usage. SSL Certificates and other 'add-on' services will have their own minimum period and recurring minimum periods. If a Service is cancelled during the minimum period or renewal period, no refunds will be due for unused time during these periods.

Cancellations or Service downgrades must either be done through the online portal or in writing via the support ticketing system and notice emailed to cancellations@100percentit.com. Cancellations or Service downgrades requested via ticketing system are not confirmed until you have received a confirmation email.

Termination of a contract is without prejudice to all rights and responsibilities of either party incurred prior to the termination of the contract.

Distance selling regulations. The Customer acknowledges that all Services are bespoke and created to order for each Customer. If you are buying as a consumer (i.e., not within the course of your business), the Consumer Protection (Distance Selling) Regulations 2000 normally allow you to cancel the contract at any time within fourteen (14) working days, beginning on the day after you received the Acceptance Confirmation. By placing your order for the Services, you agree to us starting supply of those Services before the end of the seven working day cancellation period. As such, you will not have the right to cancel the contract under the Consumer Protection (Distance Selling) Regulations 2000.

Prices are liable to change at any time. Price changes that occur during a minimum contract period will only become effective at the end of that contract period. We will notify you at least 30 days before the price increase comes into effect. If you do not accept the price increase, you must cancel your Service(s) prior to their implementation. If you do not cancel the Service(s) you are deemed to have accepted the new prices.
