The present Operational Level Agreement (“the Agreement”) is made between **EGI Foundation (the Service Provider)** and **IISAS-GPUCloud (the Component Provider)** to define the provision and support of the provided services as described hereafter. Representatives and contact information are defined in Section 6.

COVID19 VO leverages EGI Federated Cloud and EOSC Synergy resources to support Open Science related to the COVID-19 Coronavirus.

The Customer is a consortium represented by the **EOSC-Synergy**

This Agreement is valid from **20/03/2020** to **31/10/2022**.

Once approved, **this Agreement is automatically renewed**, as long as the Component Provider does not express a decision to terminate the Agreement at least a month before the end date of the Agreement.

The Agreement was discussed and approved by the EGI Foundation and the Component Provider **24/03/2020**.

The Agreement extends the Resource Center OLA¹ with the following information:

1 The Services

Possible allocation types:

- **Pledged** - Resources are exclusively reserved to the Community and the job will be executed immediately after submission.
- **Opportunistic** - Resources are not exclusively allocated, but subject to local availability.
- **Time allocation** - Resources are available in fair share-like mode for a fixed time period.

Possible payment mode offer:

- **Sponsored** - Model where the Customer uses services that are funded, or co-funded by the European Commission or government grants.
- **Pay-for-use** - Model where the Customer directly pays for the service used.

The Services are defined by the following properties:

Cloud Compute (category: Compute)
