

RESOLUTION OF THE TENDER AWARD CONTRACT NOTICE

Ref.: EGI-2023-001

Title: Purchase of software/service for image analysis in phenological research with implementation, licensing, support, and maintenance.

Duration of contract: 5 months.

Basic amount of the contract (VAT excluded): 180.000,00 EUR

Final amount of the contract (VAT excluded): 149.899,00 EUR

Successful tenderer: Seth Software spółka z ograniczoną odpowiedzialnością (SETH)

Having regard to the above-mentioned file, which contains the preparatory proceedings, as follows:

FACTUAL BACKGROUND

First: on 17th March 2023 and 22nd March 2023 all the parts of the tender were opened and corresponding Minutes of the Evaluation Committee for the opening were drawn up.

Second: the evaluation committee proceeded to compile the final scores, which are listed below:

Company	Technical offer score	Financial offer score	Total score
CERTH	47.8 out of 70	26.2 out of 30	74.0
SCIO	56.9 out of 70	30 out of 30	86.9
SETH	63.5 out of 70	28.8 out of 30	92.3

Finally: the provisional successful tenderer submitted all the documentation required in the tender documents and complies with each of the requirements. Consequently, a final decision is given to this tender and the provisional successful tenderer becomes the final successful tenderer. However, in the event that the final successful bidder makes a significant error that could lead to the termination of the contract, the next bidding supplier may be contacted for the termination of the project.
